Dear Mr. Haas,

Thank you for your recent packet of signatures which reached me yesterday. It is good to know that so many people who visit the crypt of the Cathedral in Xanten wish to add their neames to the many thousands who have petitioned Rome for the glorification of the SErvant of God, Karl Leisner. Thank. you for being so accurate and faithful in collecting these testimonies of the faith of the Christian people and sendi ng them on to me. I did receive the other two packets, which cover the whole year of 1990.

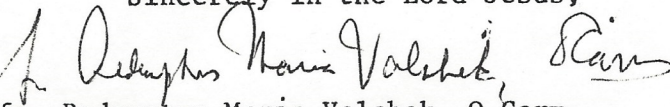

YOu have probably seen the large volume recently printed in ROME containing the SUMmarium of the witnesses with regard to the heroic degree to which Karl Leisner practiced the Christian virtues. It was sent recently to Mons. Mussinghoff by the printer Guerra.

We now and anxiously waiting for the results of the additional process being conducted about the martyrdom of the SErvant of God. Let us continue to hope and pray that it is soon brought to a successful conclusion, and that we will soon be able to present the Cause to the proper authorities at the Congregation for the CAuses of the Saints for their study.

I would like to repeat my thanks for all that you are doing for the CAUSE of Karl Leisner. It is most important that the popular in terest in the Servant of God continues, and you are doing wonderful work in doing just that.

I take this opportunity to wish you a grace-filled Lent in preparation of a glorious Easter.

Sincerely in the Lord J sus,

fr. Redemptus Maria Valabek, O.Carm.
